

The Location of the Arlington workshop is Martin HS, 4501 W Pleasant Ridge Rd, Arlington, TX 76016

Arlington is considered an entertainment destination because of Texas Rangers, Dallas Cowboys, Hurricane Harbor, and 6 Flags over Texas which means there is also an extra tax that is incurred on hotels within the Arlington city limits. All of those events are located in northeast Arlington, basically around I30 and Hwy 360. The location for the workshop is the southwest corner of Arlington, by I20, Hwy 287, and Loop 820.

If I were getting a hotel, I would get one in Mansfield off Hwy 287. There are lots of them available and most are not very old. The drive to the workshop will be about 10-15 minutes (if traffic is not too bad). The location of the hotels is also a hot spot for restaurants, etc. I have listed below where I would start looking.
